OuterVision stands as your premier European destination for custom-designed and printed clothing where the sophistication of Italian design merges with a deep passion for music. Established three decades ago by two visionary Italians, our journey began with the inception of our textile printing and design company. Leveraging local and international resources for dyes and garments, our operations seamlessly converge in our workshop nestled in Girona, Spain. Our expertise lies in designing, developing, and printing apparel, and we have extensive experience working with exclusive licensed products. We can assist you in building your own projects and collections, facilitating the fulfillment of your projects and collections.
